

# BE ENERGY SMART

Keep away from danger and avoid wastage with good practices such as:

Turn off all electrical and gas appliances when not in use.

Do not overload a socket outlet with multiple electrical appliances.

Use electrical appliances that have ST-SIRIM safety label and energy efficiency labels.

Get the services of registered electrical and gas contractors for repairs and regular checks.

Press the 'T' button on the automatic circuit breaker switch in your home once a month to ensure it functions satisfactorily.
