# Eco-friendly air conditioner

**A**s the world moves towards energy efficiency and green initiatives, Haier has made an effort to provide more green products.

Its latest addition to its family is an air conditioner with a certified five-star energy efficiency.

The Haier 5 Star Air Conditioner-LFS series not only meets the quality and energy-saving requirements, it also reflects the company's determination to provide more quality and energy-efficient products.

You may save money with EER (Energy Efficient Ratio) rating from 10.41 btu/hr.W and above (rated by Malaysia Energy Commission). Haier 5 Star Air Conditioners (1.0HP - 2.0HP) will save energy from 15% to 24%, compared with other three-star rated air conditioners in the market.

To Haier, a good compressor will ensure the high quality and long lifespan of air conditioners. To increase energy savings, Haier uses Japanese-made compressors to improve overall energy efficiency.

### Air purifying filters

This air purifying filter combines three effects into one:

- Anti Allergen: Inactivates filter-captured allergens such as pollen

and dead dust mites.

- Anti-virus: Inactivates filter-captured viruses.

- Anti-bacteria and Anti-mould. The enzymatic action eliminates filter-captured bacteria, black mould and green fungus.

### Photocatalyst filter

This eliminates odour-causing substances from cigarette smoke particles to chemical vapours.

Other features include:

- Turbo Cooling: Press the Turbo button to speed up cooling and cool the room in a shorter period of time.

- Blue Fin Coating: This anti-corrosion coating on the surface of the heat exchanger aims for a longer lifespan and ensures the highest level of performance of heat

exchangers, reducing maintenance cost.

Hassle-free warranty support is provided for five years on compressor warranty on manufacturer defects and two years general warranty. You may register your warranty online at <http://www.haier.com/my>. An offer is ongoing for the Haier 5 Star Air Conditioner - LFS series - from now - until July 31.
